## Weekly Project Report – Week 4

Please provide a brief overview of the research or tasks that were completed on your project this week. (This should take no longer than 10 minutes to complete):

This week I developed my web pages and their links, I also researched more websites that could give me further inspiration on the rest of my web page. I began adding suitable pictures to my web page and making it look cleaner and more professional. I also added more section and div tags that contained more information about my topic.
